LMD

9. Proposed use will be from January 1st to December 31st of each year.
Month and Day Month and Day

10. Existing use permitted from January 1st to December 31st of each year.
Month and Day Month and Day

11. Description of proposed works. (Under the provision of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works) Existing wells under permit 18634 (certificate 6109) will be
State manner in which water is to be diverted, i.e. diversion structure, ditches, pipes and flumes or drilled well, pump and motor, etc.
rehabilitated or replaced to accommodate required irrigation production.

12. Estimated cost of works \$100,000.00

13. Estimated time required to construct works Two (2) to three (3) years
If well completed, describe well.

14. Estimated time required to complete the application of water to beneficial use Five (5) years

15. Provide a detailed description of the proposed project and its water usage (use attachments if necessary):
Failure to provide a detailed description may cause a delay in processing.

The water being changed under this application will be added to existing ranch operation on private land that can be
irrigated more efficiently from the existing POD where it would be tied into a water distribution system.

16. Miscellaneous This change application is being submitted along with three (3) other change applications that
are transferring a total of 157.02 acres to be used within Nye County parcels 12-201-02 and 12-201-03.
